1.0 Scope and Purpose of Policy

The purpose of this policy is to ensure that any complaints, concerns or compliments - whether about teaching and learning, support or general college services, are responded to promptly, fairly and effectively to the best of our ability and within the resources of the College.

This policy applies to any complaints, concerns or compliments from all College Merthyr Tydfil customers, i.e., prospective learners, learners, parents/carers, employers and members of the public, as well as all aspects of college activity, e.g. further and higher education courses, work-based learning, and adult community education. The procedures are designed to deal with any aspect of our services including teaching and training, support services, advice and guidance and college facilities. College customers can also complain if they feel they have been treated unfairly or inappropriately, or if they feel that the service they have received does not meet their expectations.

Please note that the college cannot accept any complaints made after three years of the issue arising or three years after the learner has left the college.

These procedures do not cover the following, for which separate procedures exist that can be found on the college website and intranet

- Representation by learners against decisions made in examinations and assessments (**Academic Appeals System**)
- Allegations of misconduct by a learner (**Disciplinary Policy**)
- Allegations of misconduct by a member of staff (**Disciplinary Policy & Procedure**)
- Complaint by a member of staff against another member of staff or the College (**Concerns & Complaints Policy & Procedure and the Dignity at Work Policy**)
